Hi Larry,

Thanks for sending your response.

Best,
Raquel

P.S. Alaska vacation sounds amazing!

Subject: [External] PCB evidence map manuscript - author revisions

Hi everyone,

EPA has reviewed your feedback on the PCB evidence map manuscript, and they are currently working to address all comments. The revised draft attached to this email includes comments tagged to each of you for your consideration/response.

The revised summary table is also attached – it includes comments directed to Larry Robertson and Sharon Sagiv.

- There are still comment bubbles addressed to “ALL COAUTHORS” – if you are an author who is revising at this step, you should respond to any “ALL COAUTHORS” comments that you have not already seen/responded to.
- Most comments are directed to specific authors. Comments from previous rounds of review have been carried forward into this draft, so you don’t have to address every comment that contains your name – if a comment is current and requires your attention at this time, your name is highlighted in yellow. You should search the document for your first name (all caps) and respond to/address the comments where your name is highlighted in yellow.
- Revisions/responses should be returned by **July 23**; please let me know if you are not able to meet this deadline.

The link to the summary figures in Tableau is [here](#).

Thanks,
Raquel
